Logic File for Survey # [275333]: N2 Survey 2021 - Leibniz PhD Network

Welcome: **German version below!**

Welcome to the N² Survey 2021,

and thank you for participating! This is a voluntary survey for all doctoral researchers working within the Leibniz Association, the Helmholtz Association, 'Network of Networks' representing the doctoral researchers in all these organizations.

Please be aware that this survey is performed in English. For legal reasons and to ensure everyone understands it, we will provide the informations for data available in both languages, however only the German one is legally binding.

Declaration of consent according the EU General Data Protection Regulation (GDPR)

Please take the time and carefully read our privacy notice. You can find it attached to the invitation mail (https://drive.google.com/file/d/1fRg4bdRUrhAAjRFbeB_9lBEAQALzSFjZ/view?usp=sharing)).

The aim of this survey is to provide a clear picture of the situation of doctoral researchers in Germany's non-university research organizations. This includes responsibilities, experiences with power abuse and discrimination, mental health, and the impact of COVID-19.

To be allowed to collect and handle this data, we need your consent (note the checkbox below). Please be aware that we also collect data that is rendered by sexual orientation, ethnicity, migrational background, mental and physical health, handicaps, parenting and pregnancy as well as religion. For these questions, your agreement on this page, you also have the option to reject being presented those sensitive questions at all. If you decide to have a look at those questions, you are allowing us to ask them – allowing you to choose later on as well.

While filling the survey your IP-address is technically known to the survey collection service provider LimeSurvey GmbH and is deleted as you leave the survey. Your name, mail address IP-address, are collected and stored in the data sets.

Please be assured that your personal information and data will be treated confidentially and will only be accessible to the members of the Leibniz PhD Network.

Any publication or sharing of information with groups outside the survey group will comply with the **General Data Protection Regulation (GDPR)** (<https://www.federal-governments.de>). Accordingly, only aggregated and anonymized data will be shared with the administrative bodies of the centers/institutes/units and the Leibniz Association.

According to the GDPR you also got the right of access, rectification, erasure, restriction of processing and data portability. You also can object to the use of your data for the survey (survey@leibniz-phd.net (<mailto:heju-survey@listserv.dfn.de>)).

For more information, please consult our data protection document (click here (https://drive.google.com/file/d/1fRg4bdRUrhAAjRFbeB_9lBEAQALzSFjZ/view?usp=sharing)).

You can leave and come back to complete this survey using your personal link. Please note that only completed surveys will be analyzed.

In order for this survey to be representative, it is vital that the majority of doctoral researchers participate. This questionnaire will take around **30 – 40 minutes**.

If you have any questions, or wish to report technical issues, you can reach us at survey@leibniz-phd.net (<mailto:heju-survey@listserv.dfn.de>).

By clicking the checkbox and 'Next', you accept the terms and conditions listed above, including the use of the provided data in case you complete the survey. You can find the full text of the terms and conditions [here](https://drive.google.com/file/d/1fRg4bdRUrhAAjRFbeB_9lBEAQALzSFjZ/view?usp=sharing) (https://drive.google.com/file/d/1fRg4bdRUrhAAjRFbeB_9lBEAQALzSFjZ/view?usp=sharing) (Mandatory).

Willkommen zur N² Umfrage 2021,

Vielen Dank für deine Teilnahme! Diese freiwillige Umfrage wird unter allen Promovierenden der Leibniz-Gemeinschaft, der Helmholtz-Gemeinschaft, der „N² - The network of networks“ zusammen und vertreten die Promovierenden ihrer jeweiligen Organisationen.

Bitte beachte, dass diese Umfrage in englischer Sprache durchgeführt wird. Aus rechtlichen Gründen und zum Sicherstellen bestmöglicher Verständlichkeit ist eine englische Übersetzung der Umfrage in Englisch zur Verfügung. Unsere Datenschutzhinweise sind ebenso in beiden Sprachen verfasst, wobei lediglich die deutsche Fassung rechtlich bindend ist.

survey@leibniz-phd.net

2. What data do we use and where do we get it from?

We only process personal data which we have received directly from you.

We collect the following personal data:

- Data on the general doctoral situation
- Data on the promotion location
- Data on the impact of the Covid-19 pandemic
- age
- nationality

We further collect information which falls into the "special categories of personal data" as defined by Art. 9 GDPR (General Data Protection Reg

- sexual orientation / identity
- ethnic affiliation
- migration background

- physical and mental health status
- disability
- pregnancy and parenthood
- religious belief

This sensitive data is only collected if you explicitly consent to the collection of this data before the data collection begins. If no consent to the corresponding questions will be explicitly hidden and the collection of special categories of personal data will not take place.

3. For what purpose do we process your data?

In order to be able to use the influence of the Leibniz PhD Network in a targeted manner and in the interest of all Leibniz PhD students, we need as an overall picture of the PhD situation in the Leibniz

Association. In this way, common problems can be identified, brought to the attention of the management and, with our support, possible solution basis for argumentation with this survey.

The collection of this data is necessary to analyze the overall situation of doctoral students at non-university research institutions as completely aspects such as mental health and conflict management.

4. On what legal basis do we process your data?

We process the personal data mentioned under 2. in accordance with the provisions of the GDPR and the German Federal Data Protection Act

a) Based on your consent (Art. 6 para. 1 lit. a) GDPR).

By sending the completed questionnaire, you consent to the collection, processing and use of the data under the stated conditions.

Consent to the processing of special categories of personal data must be expressly given prior to the collection of such data.

b) Within the framework of the balancing of interests (Art. 6 para. 1 lit. f) GDPR.

To the extent necessary, we process your data beyond the actual purpose of the processing to protect legitimate interests of us, third parties or

- to assert legal claims and to defend legal claims
- for the prevention or, if necessary, prosecution of criminal offences, administrative offences or misdemeanors.

5. Who receives your data?

After evaluation of the data, a summary final report will be submitted to the Leibniz Association office, the management of the Leibniz institutes of the respective center for comment. In addition, a joint final report is prepared and published in the N2 network, together with the PhD representation publication of the data in the form of scientific publication is not excluded. All such publications will be based on aggregated and anonymous data

Institute-specific reports will be provided for participating Leibniz institutes, provided that the total number of participants in this institute exceeds representativeness can thus be ensured. Additional anonymization is performed if the number of respondents to a sensitive response option falls necessary caution, especially with regard to sensitive data. Of course, the final report is also available to the PhD student representatives of the published on the homepage of the Leibniz PhD Network for this purpose. There you can also find the results of the surveys of previous years.

(Link: <https://leibniz-phd.net/survey/> (<https://leibniz-phd.net/survey/>))

6. Transmission of data to third parties

The survey is conducted and evaluated exclusively by the Leibniz PhD Network "Survey" working group, which consists of employees from various institutes. Data will not be passed on to third parties, not even to organs of the Leibniz Association. Aggregated, anonymous or anonymized data are exchanged among institutes in the context of scientific cooperation between the doctoral researchers.

Explicit reference is hereby made to the publication of results in the aforementioned formats (see section 5).

If the data you provide, especially in the free-text fields, reveal indications of criminal offenses, misdemeanors, misconduct, or the like, and if we become aware of this, we will forward the information and data you provide to law enforcement authorities and/or the respective institute management.

7. Execution of the survey by order processors

The survey will be carried out by the Leibniz PhD Network. The rules of the GDPR will be adhered to. The tool for the online survey is provided by a service provider that complies with the rules of data protection according to the EU General Data Protection Regulation (GDPR) by concluding an order processing contract.

8. How long will your data be stored.

We process and store your personal data only as long as necessary to fulfill the stated purpose.

After completion of the survey, the data will be stored on the Leibniz servers for at least 10 years. Here, too, passwords ensure that the data can only be accessed by authorized persons. Access to the raw data by other employees of the Leibniz PhD Network survey group is only possible after signing a confidentiality agreement.

Both the download and the raw data file are secured by passwords. All computers and data media on which the data sets are stored are also protected by passwords. Access to the data is restricted to the Leibniz PhD Network Survey Working Group.

After completion of the main evaluation for the preparation of a final report and a publication in the context of the N2-Network, data that underlie the evaluation are separated from the basic data set, the order randomized and stored separately as well as password protected. This relates primarily to the sensitive data, such as identity, ethnicity, and mental and physical health. This is expected to be implemented by the end of 2022. As a consequence, from that point on, sensitive data will only be treated descriptively.

The basic data set with non-sensitive data will be stored for at least ten years for comparison purposes and for time series evaluations and will be accessible to the Survey Working Group. Access to raw survey data by other employees of the Survey group of the Leibniz PhD Network will only take place after

9. What data protection rights do you have?
